

More Places To Search For Hidden Treasure

KINTNERSVILLE, PA - November 28, 2005 If you thought searching in the jungle, under the sea, in a tree or down on the farm for hidden treasure was fun, now you can go on a safari, search in the snow or just look around the house.

Rocking Chair Studio introduces three more habitats to their Can You Find? Line of greeting card games – *On A Safari, In the Snow* and *Around the House*. These family-friendly card games feature a hidden object puzzle that makes Can You Find? Cards more than just a greeting card - everyone will want to play. The lovable, fun animals and colorful habitats are just the beginning. At the top of each card are several objects that are hidden in the picture. Who can find all of the objects?

Rocking Chair Studio Executive Director Frank Fabian said “It’s great to have customers come up to me and say that they couldn’t put down the card until they had found all of the objects.”

The new Safari habitat features elephants, giraffes, rhinos, lions, crocodiles and crowned cranes. In the snow features polar bears, penguins and snow rabbits. Around the house features cats and dogs playing.

Rocking Chair Studio Creative Director and Master Puzzler Melinda Fabian illustrated each of the new designs in watercolor and gouache. With the addition of the three new habitats, the total number of designs to choose from grows to sixty. The greeting card games cover Birthday, Christmas, Valentines, Easter and Get Well. The new cards can be ordered greeted with a picture and a verse inside or as blank note cards. All designs are available for immediate shipment.

Can You Find? Card Games can be displayed in themes by habitat or mix and matched with just your favorites. Rocking Chair Studio has available “Best Seller” programs and several size racks to help you get started.
