## **Rocking Chair Studio's Puzzle Works Goes Silly**

**Kintnersville, Pennsylvania – December 14, 2007** - Rocking Chair Studio introduces the latest in Game Puzzles by Master Puzzler, Melinda Fabian – Silly Games™ - A Jigsaw puzzle that you mix up the pieces to create silly creatures, critters or vehicles. Take them apart, mix them up, and put them back together to create really silly scenes. Imagine if you could mix a sailboat with a cement mixer or a bear with a cat.

Silly Games™ come with six different Jigsaw Puzzles each containing about 12 pieces. The six puzzles come in a beautifully decorated crackle finish tin that's easy to hold. This puzzle makes a wonderful keepsake gift. You can even use the inside of the lid to build your puzzles. Silly games encourage children to use their imagination while teaching them critical thinking skills by assembling the puzzles. Children, ages 5 and older can successfully build and enjoy these puzzles.

There are six different tins with Silly Critters, Silly Butterflies, Silly Creatures, Silly Vehicles, Silly Dinosaurs, and Silly Cats and Dogs. Silly Games™ Tins retail for \$9.99 each and are available in a counter display that holds six tins of each design. Rocking Chair Studio's Puzzle Works makes Silly Games in the United States using the highest quality materials. The puzzles and all Rocking Chair Studio products meet or exceed the standards for toys and games.

You will find Rocking Chair Studio's Silly Game Puzzles at the Atlanta Gift Show, the New York International Gift Fair, the Dallas Gift Market, and Toy Fair.
